The Destination Glamping Resort "The Luxury of Nature"

We are so glad you've joined us. Thank you for trusting us with your vacation plans. Whether this is your 1st time or a return visit we think you'll find everything you need to make your stay comfy, luxurious and memorable.

The Moondance Glamp is a Bushtec Safari Tent designed & built in South Africa & some of the top resorts in the world have also chosen Bushtec. Each glamp is climate controlled to keep you comfortable in heat or cooler weather.

We invite you to take part in all the Resort has to offer including Kayaking, Fishing, Hiking or just lounging on your huge deck. Please enjoy your stay. We're so glad you're here.

1474 Agricola Rd Dadeville AL 36853

About us

We're your hosts Skip & Rhonda Courtney and we can't wait to show you our 5 star hospitality. Building this resort is the culmination of a lifelong dream to design and build a custom glamping property. We searched all over the US and when we walked the land and stood on the banks of Sandy Creek we knew this was THE place. There are over 70 acres to explore and so much to enjoy.

The Sandy Creek Lodge acts as our home but also the home base for our Resort. You're welcome here anytime. We host private wine cellar dinners, events, retreats, reunions and parties.

Street Address: 1474 Agricola Rd
Dadeville AL

Emergency info: 911

Closest hospital: 4.1 Miles Lake
Martin Community Hospital
201 Mariarden Rd Dadeville

Anything else:

During severe weather Sandy
Creek Lodge has shelter for any
guests.

Skip, Rhonda & Dexter

Each Glamps decor is unique and reflects a part of our story. Each has its own look and feel. We hope you'll return and try all of them; The Rhondaposa, The Clearwater, The Moondance and The Music Loft.

Check in & out

Check in:

We are a gated resort. The week prior to your arrival you should receive a gate code. Check in is 2pm central time. Upon arrival please call Skip at 615-477-9813 to let us know you are coming through the gate. Please follow the access road (a little over a mile) and proceed to The Sandy Creek Lodge. Skip will meet you there, get your keys and show you to your Glamp.

Check out:

We hope you had an amazing stay and look forward to your return! Please sign our guestbook and we would really appreciate a review when you get back home. Prior to checkout at noon please do the following:

- Check for belongings (phone chargers are a common leave behind).
- Check the fridge for any food items to take.
- Place all trash in the trash cans and leave inside for us to remove.
- Place all used towels in the shower
- Please strip the bed of sheets & pillowcases.
- Please close the door and leave the key in the lock
- Please text us when you have left so we may begin the housekeeping process.
- Travel safe & come back and see us again.

House rules:

We don't have many but just a couple for your safety & enjoyment.

- Please keep the hot tub cover on when not in use.
- Please turn off the propane tanks on the fire table & grill when not in use.
- Please use our complimentary lifejackets when using our Kayaks or Canoes.
- Please be considerate of your neighbor Glampers if playing music outside on the deck.

How things work

IN YOUR GLAMP

AC/HEAT- The Units are mini splits. There is one in each room & each has it's remote mounted on the walls. Any units in use must all be set to either cool or heat. They default is set to 68 degrees & if they are off push the power button to turn on. To Change AC mode to HEAT pull down the lower front cover of the remote, find mode button at top left. Press the Mode button one time if you see a SNOWFLAKE ICON (that's the AC cool setting) The SUN ICON is for heat. Please only use either the snowflake or the sun icons. You will see up/down buttons on the right side of remote. Point at the unit and adjust as needed. Remember if you change from HEAT to COOL you must change all units.

HOT TUB- Open the cover away from the front deck rail and lean it against the side of the tent. There are two jet pumps. The jet buttons are on the left side & look like wavy lines. The top one runs the pump cycle & also the jets. If the Hot Tub is not running you will need to press the top button twice to get full power. The bottom button controls the other jets & only needs to be pressed once. The light bulb icon on the right turns on the lights in the tub. The temp is set to 100. We don't recommend higher than 102. The dials around the edge of the tub are the air mixers which mix air with the water. It makes the flow stronger. Please turn them gently and stop when they stop turning. Please put the cover back on when not in use.

GRILLS- Your glamp has a propane grill for cooking with a propane tank provided. Turn the gas on at the tank & use the knob labeled Starter to ignite the grill, turn it to the left then push & hold the igniter to light that element, now turn the knob for any other element you need to use & push the igniter button again. They may also light without pushing the button an additional time. There is a side burner on the left of the grill, turn the button on & press ignite. Make sure to turn all burners off after use & please turn off the tank. Please close the lid when not in use.

DECK FIREPIT & CAMPFIRE PIT- your Glamp deck has a propane firepit to enjoy. Like the grill just open the access door, turn on the propane tank and press and hold the start button. Please turn to off and turn off tank when not in use. Each Glamp has a Camp Fire Pit in the woods. The Moondances Camp Fire Pit is behind your glamp marked by 6 x 6 timbers. Chairs & fire wood is provided as is a starter log & lighter left at the glamp so please take up to the Camp Fire Pit. These are in a wooded area so no fires on windy days or no burn days and they are not meant to be large fires. Please keep the fire in the ring & use the water provided in the 5 gallon bucket to extinguish the fire when you are done.
